

MICROWAVE & REFRIGERATOR COMBO

MICROWAVE & REFRIGERATOR COMBO

CAB EQUIPMENT

PRODUCT OVERVIEW

The Ekyrail microwave & refrigerator combo provides a compact and practical solution for locomotive crews. It combines a microwave and a compressor-driven refrigerator in a single robust unit designed for locomotive cab installations.

With its integrated inverter and compressor-based refrigeration system, the unit delivers reliable performance in demanding railway environments.

With a total height of 36 inches, the unit integrates easily into cab layouts while providing both food cooling and reheating capabilities.

Characteristics

Combined unit	Microwave and refrigerator
Microwave power supply	Integrated inverter
Cooling system	Compressor-driven refrigerator
Total height	36 in

Usage

Interior	Interior refrigerator shelf
Maintenance	Easy microwave removal (single-screw configuration)
Application	Designed for locomotive cab installation

Construction

Structure	Heavy-duty construction for railway environments
Warranty	2 years
